

Symeres is one of the leading chemistry CROs in Europe, with over 500 scientists at six locations (Nijmegen, Weert, and Groningen in the Netherlands; Prague in the Czech Republic; Oulu in Finland; and Södertälje in Sweden). We provide a range of services to support small-molecule drug discovery and development projects for biopharmaceutical companies in the USA, Europe, and Japan. Our key areas of expertise are synthetic chemistry, medicinal chemistry, parallel chemistry, and chemical process R&D for clinical trials. All these fields of expertise are supported by highly experienced and well-equipped analytical teams.

As part of the increasing demand for our services at our location in Nijmegen, we are currently looking for skilled and enthusiastic

(Senior) Organic Chemists

(M/F) Full time

Key requirements

- B.Sc., M.Sc., or Ph.D. degree in organic chemistry or a related area in which organic synthesis is the main component.
- High motivation and a strong commitment to laboratory work, project delivery, and further learning.
- Strong communicator, fluent in English both verbal and in writing.
- Experienced PC user, skilled in the use of various chemistry-related software packages.

This vacancy is open for EU residents only.

Job Offer

An exciting position in a dynamic organization with an attractive remuneration package and opportunities for learning and development.

Application
